

## GREEN ICE AB PACK®

## Section 1 Identification of the Substance/Mixture and of the Company/Undertaking

**1.1 Product identification**

Product code : **GSG-AB**  
Product name : **Green Ice ab-pack**

**1.2 Relevant identified uses of the substance or mixture**

Description/Use : **Green Ice ab-pack** is a device, containing a gelatinous substance with heat accumulation properties. Green Ice AB PACK is usually used in thermostatisation of packages for the internal temperature control. Green Ice AB PACK device consists of a packaging film compatible with food product, ensuring maximum flexibility for all applications.  
Do not open or perforate the package.  
The substance used to manufacture Green Ice AB PACK device is inedible; so ingestion of the substance is strictly prohibited.

**1.3 Identification of the company/undertaking**

Company : Dryce S.r.l.  
Via Aosta, 5 – Cernusco sul Naviglio – 20063 Milano  
☎ +39 (0) 2 92147368 📠 +39 02 92141841  
Emergency telephone number : +39 335 6931559  
E-Mail : 📧 marco\_malasomma@dryce.it

## Section 2 Hazards Identification

**What stated below refers to the substance used to produce Green Ice AB PACK device.**

**Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.**

**2.1 Classification of substances and mixtures.**

The product is not classified as dangerous according to the provisions laid down in Regulation (EC) 1272/2008 (CLP) ( and subsequent amendments and adjustments).

## Section 3 Composition/Information on Ingredients

**What stated below refers to the substance used to produce Green Ice AB PACK device.**

**Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.**

The product does not contain ingredients classified as being dangerous to human health and to the environment pursuant to the provisions set forth in Directive 67/548/EEC and/or in EC Regulation 1272/2008 (CLP) (and subsequent amendments and supplements).

## Section 4 First Aid Measures

**What stated below refers to the refers to accidental contact with the substance used to produce Green Ice AB PACK device.**

**Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.**

**4.1 Description of first aid measures**

Not specifically required. Nevertheless, observance of good industrial hygiene is recommended.

**4.2 Most important symptoms and effects, both acute and delayed**

No episodes of damage to health ascribable to the product have been reported.

GREEN ICE AB PACK®

**4.3 Identification of any immediate medical attention and special treatment needed**

Not available.

**Section 5 Firefighting Measures**

**5.1 Extinguishing media**

SUITABLE EXTINGUISHING MEDIA : Choose the most appropriate media for the specific situation.

EXTINGUISHING MEDIA WHICH SHALL : None in particular.

NOT BE USED FOR SAFETY REASON

**5.2 Special hazard arising from the substance or mixture**

HAZARDS CAUSED BY EXPOSURE IN : The product is neither flammable nor combustible.

THE EVENT OF FIRE

**5.3 Advice to firefighters**

EQUIPMENT : Normal fire fighting clothing, i.e. protective fire kits (EN469), gloves (EN659) and boots (HO A29 or A30) in combination with self-contained open circuit positive pressure compressed air breathing apparatus (EN 137).

**Section 6 Accidental Release Measures**

**What stated below refers to the substance used to produce Green Ice AB PACK device.**

**Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.**

**6.1 Personal precautions, protective equipment and emergency procedures.**

Use breathing equipment if fumes or powders are released into the air. These recommendations are valid for both authorized staff and those involved in emergency response.

**6.2 Environmental Precautions**

Prevent the product from entering soil, surface water and groundwater.

**6.3 Methods and materials for containment and cleaning up**

Confine using earth or inert material. Collect as much material as possible and eliminate the rest using jets of water. Contaminated material should be disposed of in compliance with the provisions set forth in point 13.

**6.4 Reference to other sections**

Any information on personal protection and disposal is given in section 8 and 13.

**Section 7 Handling and Storage**

**7.1 Precautions for safe handling**

Read and understand all the sections in the Material Safety Data Sheet before handling the product.

Avoid the dispersion of the product and of its packaging into the environment.

Do not eat, drink or smoke when handling the product.

**7.2 Conditions for safe storage, including any incompatibilities.**

Store the product in containers so their labels face forwards. Store containers away from incompatible materials (see section 10).

**7.3 Specific End Use(s)**

Not available.

**Section 8 Exposure Controls/Personal Protection**

## GREEN ICE AB PACK®

What stated below refers to the substance used to produce Green Ice AB PACK device.

Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.

**8.1 Control Parameters**

Not available.

**8.2 Exposure Controls**

General safety measures when handling chemicals are applicable.

RESPIRATORY PROTECTION : Not required.

EYE PROTECTION : Not required.

HAND PROTECTION : Not required.

SKIN PROTECTION : Not required.

## Section 9 Physical and Chemical Properties

What stated below refers to the substance used to produce Green Ice AB PACK device.

**9.1 Information on Basic Physical and Chemical Properties**

Appearance : Gelatinous liquid.

Colour : Colourless

Odour : Odourless.

Olfactory threshold : Not available

Ph : 6,9

Melting point or freezing point : Not available

Initial boiling point. : Not available

Boiling range. : Not available.

Flash point : >60°C

Evaporation rate : Not available

Flammability of solids and gases. : Not flammable

Lower flammability limit : Not available

Upper flammable limit : Not available

Lower explosive limit : Not available

Upper explosive limit : Not available

Vapor pressure : 730 mmHg

Vapor density : Not available

Relative density : 0,95 Kg/l

Solubility : Soluble in water.

Partition coefficient: : Not available

n/octanol water

Auto-ignition temperature : Not available

Decomposition temperature : Not available

Viscosity : > 250 cp

Explosion properties : Not available

Oxidizing properties : Not available

## GREEN ICE AB PACK®

- 9.2 Other information**  
Not available.

**Section 10 Stability and Reactivity**

What stated below refers to the substance used to produce Green Ice AB PACK device.

Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.

- 10.1 Reactivity** : No specific reactivity hazard associated with this product in normal condition of use.
- 10.2 Chemical stability** : The product is stable in normal conditions of storage.
- 10.3 Possibility of hazardous reactions** : No hazardous reactions are foreseeable in normal conditions of use and storage.
- 10.4 Conditions to avoid** : None in particular. However the usual precautions used for chemical products should be respected.
- 10.5 Incompatible materials** : Not available.
- 10.6 Hazardous decomposition products** : Not available

**Section 11 Toxicological Information**

What stated below refers to the substance used to produce Green Ice AB PACK device.

Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.

Exposure to the product is not thought to produce adverse health effects. Nevertheless, observance of good industrial hygiene is recommended.

**Section 12 Ecological Information**

What stated below refers to the substance used to produce Green Ice AB PACK device.

Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.

Use this product according to good working practices. Avoid littering. Inform the competent authorities, should the product reach waterways or sewers or contaminate soil or vegetation.

- 12.1 Toxicity**  
Not available
- 12.2 Persistence and Degradability**  
Not available
- 12.3 Bio-accumulative Potential**  
Not available

GREEN ICE AB PACK®

**12.4 Mobility in soil**

Not available

**12.5 Results of PBT and vPvB assessment**

On the bases of available data, this product does not contain any PBT or vPvB substances greater than 0,1%.

**12.6 Other adverse effects**

Not available

Section 13 Disposal Considerations

**13.1 Waste treatment methods**

Neat product residues should be considered special non-hazardous waste.

Disposal must be performed through an authorized waste management firm, in compliance with national and local regulation. Avoid dispersal of spilt material and runoff and contact with soil, waterways and sewers.

**CONTAMINATED PACKAGING**

Contaminated packaging must be recovered or disposed of in compliance with national waste management regulations.

Section 14 Transport Information

The product is not dangerous under current provisions of the Code of International Carriage of Goods by Road (ADR) and by Rail (RID), of the International Maritime Dangerous Goods Code (IMDG), and of the International Air Transport Association (IATA) regulations.

Section 15 Regulatory Information

**What stated below refers to the substance used to produce Green Ice AB PACK device.**

**Green Ice AB PACK device is not considered to be dangerous in the absence of leakage of the substance contained in the package.**

**15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**

Seveso Category. None.

Restrictions relating to the product or contained substances pursuant to Annex XVII to EC Regulation 1907/2006.

None.

Substance in Candidate List (Art. 59 REACH).

None.

Substances subject to authorization (Annex XIV REACH).

None.

Substances subject to export notification obligation EC Reg. 689/2008:

None.

Substances subject to Rotterdam Convention:

None.

Substances subject to Stockholm Convention:

## GREEN ICE AB PACK®

None.

Healthcare controls.

Not available.

**15.2 Chemical Safety Assessment**

No chemical safety assessment has been processed for the mixture and substances it contains.

**Section 16 Other Information****LEGEND:**

- ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road
- CAS NUMBER: Chemical Abstract Service Number
- CE50: Concentration of a compound where 50% of its maximal effects is observed
- EC NUMBER: identifier number in ESIS (European Chemical Substances Information System)
- CLP: Regulation (EC) n° 1272/2008
- DNEL: Derived no-effect level
- EmS: Emergency Schedule
- GHS: Globally Harmonized System for the Classification and Labeling of Chemicals
- IATA DGR: International Air Transport Association Dangerous Goods Regulations
- IC50: Inhibitory Concentration
- IMDG: International Maritime Dangerous Goods Code
- IMO: International Maritime Organization
- INDEX NUMBER: Index number in Annex VI to CLP
- LC50: Lethal Concentration (50%)
- LD50: Lethal Dose 50% - OEL: Occupational exposure limit
- PBT: Persistent Bioaccumulative and Toxic according to REACH
- PEC: Predicted Environmental Concentration
- PEL: Permissible Exposure Limits
- PNEC: Predicted no-effect concentration
- REACH: EC Regulation 1907/2006
- RID: Regulation concerning the International Carriage of Dangerous Goods by Road
- TLV: Threshold Limit Value
- TLV CEILING: absolute exposure limit that should not be exceeded at any time
- TLV STEL: - TLV Short-Term Exposure Limit
- TLV TWA: TLV Time-Weighted Average
- VOC: Volatile Organic Compound
- vPvB: very Persistent and very Bioaccumulative

**General Biography:**

1. Directive 1999/45/EC and following amendments
2. Directive 67/548/EEC and following amendments and adjustments
3. Regulation (EC) 1907/2006 (REACH) of the European Parliament
4. Regulation (EC) 1272/2008 (CLP) of the European Parliament
5. Regulation (EC) 790/2009 (I Apt. CLP) of the European Parliament
6. Regulation (EC) 453/2010 of the European Parliament
7. Regulation (EC) 286/2011 (II Apt. CLP) of the European Parliament
